Have a Great Big Smiley Halloween!

Thank you for the honor of receiving this award for eight years in a row.

Looking for a Cosmetic Dentist?

Do you look in the mirror and wish you had a better smile?

Even though you ask your friends and your family what they think, and they say, "Nah, your smile is perfect!" By, the way that is always the correct answer for them to say, if they don't want to hurt your feelings. So, you might say that the only person who can give you an honest answer, is, well, you. You look in the mirror everyday. Do you like what you see? Would you like to change, even a little bit, of your smile? You can have the smile you want—the color of teeth you want—the spaces closed—the teeth straightened.

But where, you may ask?? Why RIGHT HERE! Yes, Dr. Foster is a Cosmetic and Family Dentist, AKA: General Dentist, and he can do just about everything.

There are many options to smile enhancement. There are veneers (fingernail like coverings of your natural teeth) that can hide many uneven color issues as well as tooth shape. We can close small spaces with bonding material, and larger spaces with implants, fixed or removable bridges. A badly broken tooth can be built up and replaced (on your natural tooth) with a crown. If you don't like your removable partial or full complete denture we can remake them to your satisfaction.

A confident smile puts a smile on your face as well as those around you, and when you smile on the outside, you can't help but be happy on the inside.

Call today to schedule a FREE SMILE CONSULTATION. If you decide to make any changes, we promise you will love your new smile.

Meet Jim Zeigler

Patient of the Month

"You miss 100% of the Shots you don't take."

Jim has been a loyal patient with our office since 1985.

As a regional manager of Yamato Corporation, he stays pretty busy. However, he still manages to have loads of fun. He loves the outdoors; kayaking, hiking, playing tennis, and supporting his kids. He loves the Falcons, but he especially enjoys watching his son, who plays long snapper position at GSU. Of course, Jim says, that everything goes better with a good glass of red wine.

Jim was a D-1 level high school football coach with several great players. For those of you who don't know, these schools attract many good players, because they are known for their excellent athletic programs. They can only achieve that status by the State's authorization. His most famous player was Ryan Seacrest. Jim says Ryan was actually a very good player.

Jim loves classic Rock n' Roll, especially the Eagles, Jackson Browne, and Steely Dan, but his all time absolute favorite is Dan Fogelberg. He is A HUGE FAN.

And, we are a GREAT FAN of Jim. He always has a big smile on his face. We can tell he loves life and we enjoy his quips and jokes.

Congratulations, Jim, and GO PANTHERS!

Do You Brush Only the Teeth You Can See?

Don't forget to brush the inside of your teeth, the surfaces that face the tongue and the roof of your

mouth. Sometimes people, especially children, forget these areas because they can't see them in the mirror. Food and plaque can buildup in these areas so it's just as important to brush there, as it is on the front of our teeth where we can easily see.

Monster Sandwiches

Dinner rolls

Filling of choice (we used ham)

Condiments

Olives, sliced

Pickles, sliced

Mozzarella cheese

Cheddar Cheese

Cut rolls in half and spread with your choice of condiments. Fill with ham or other meats. Make sure a corner of your ham is sticking out for the tongue. Cut the mozzarella cheese into wedges for fangs and shove them under the ham. Add olive slice eyes, a pickle nose, and some grated cheese for hair. That's it. Now let your little monsters eat their monster sandwiches.:)
